April 23, 2020

The Citadel Salisbury remains committed to keeping our residents safe and care for. We are continuously monitoring our residents' health and reviewing our COVID response plan. The Health Department and our hospital partners are actively involved with the Citadel Salisbury's operational and clinical leadership. Physicians are onsite frequently if not daily. They are in direct contact with infectious disease specialists that are providing additional collaboration. We are seeing less symptoms and expecting that most will recover. We remain single minded in our focus to eradicate this virus in this center and restore the health of our residents, staff, and community.

Thank you to the families for their endless support and positive thoughts and prayers. Special thanks to the families who have provided meals and goodie bags to our hard working, dedicated staff.

A note to our Citadel Salisbury family members only:

If you are unable to reach us at the center, please call:

- Sara Dieter at 252-377-0757
- Cynthia Alexander at 704-860-1461
- Accordius Health Call Line 833-266-7595 and leave us a message to call you back, and we will return the call within 24 hours.
